To  
Managing Director /Vice President (Tech)

**Sub: One-day National seminar on “Recent trends in water management in sugar processing”**

Dear Sir,

Vasantdada Sugar Institute is regularly organizing technical seminars on various topics as per need of sugar industry. For current year we have selected the topic of water management.

As per the CREP action points for sugar industry waste water generation is fixed as 100 litter per ton of cane crushed and zero discharge in inland surface water. However with the profuse vapour bleeding schemes implemented by various sugar mills for reducing steam consumption, excess condensate generation is increased to 125 to 150 liters per ton of cane crushed and standards laid down may not be achieved. Besides this the reduction in raw water in sugar industry is of prime importance considering the cost economics of sugar industry. The waste water treatment technology is also upgraded in last decade in respect of achieving pollution control norms, recycling of treated water, reduction in power consumption, reduction in operation & maintenance cost etc. All above subjects need thorough discussions by eminent workers in this field.

Considering this, we have organized one-day National seminar on “Recent trends in water management in sugar processing” on 18<sup>th</sup> September 2010 at Vasantdada Sugar Institute, Pune.

The details of this seminar are as follows,

Date: **18<sup>th</sup> September 2010**

Time: **10.30 am to 5.30 pm**

Venue: **Auditorium of Vasantdada Sugar Institute, Pune**

Delegation fee:

**Rs. 400/- per delegate up to 10<sup>th</sup> September 2010**

**Rs. 500/- per delegate after 10<sup>th</sup> September 2010**

Contact Person:

**Mr. R. V. Dani, Head Sugar Tech Dept,**

Phone – **91-020-26902321**, Mobile No. – **09423558032**,

email- [rv.dani@vsisugar.org.in](mailto:rv.dani@vsisugar.org.in), [vsisugarlab@yahoo.com](mailto:vsisugarlab@yahoo.com)

In view of importance of subject, we are requesting you to send your technical representatives for participation in this seminar. You are kindly requested to inform the list of participants before **10<sup>th</sup> September 2010 along with Demand Draft (D.D.) in favor of Vasantdada Sugar Institute payable at Pune.** Technical articles on this subject by participants are also welcomed.

Thanking You,

Yours sincerely

Mr. R. V. Dani  
Head, Sugar Technology Department
