## LIBRARY

### Per Day Usage of Library During 2023-24

#### Method of Computing per day usage of Library (2023-24)

In the Central Library, per day usage of Library by the user community (Teachers and Students) is calculating by the following formula:

$$\text{No. of teachers and students using library per day} = \frac{\text{No of Visitors (Teachers and students)}}{\text{Total Number of Working Days}} = \frac{X}{Y}$$

#### During Academic year 2023-24

Total No. of Visitors (Teachers & Students) using Library = 3585 = X

& Total No of Working Days = 271 = Y

$$\text{No of Teachers and students using library per day} = \frac{\text{No of Visitors (Teachers and students)}}{\text{Total Number of Working Days}} = \frac{X}{Y}$$

$$\text{No of Teachers and students using library per day} = \frac{3585}{271} = 13$$

No. of teachers and students using library per day = 13
