

## Papers published by VSI scientists & technologists(year 2002-03)

- R.S. Hapse, J .M. Repale and D.S. Pawar - Performance of new sugarcane genotypes at VSI, Pune. 64th Annual Convention, STAT, Aug., 2002 Agri. section, 37-47. Cochin, Kerala.
- V.S. Mali, N .A. Zende and U.K. Varma - Correlation between soil physico-chemical properties and available micronutrients in salt affected soils. - 17th World Congress of Soil Science, Aug., 14 -21 2002 at Bangkok, Thailand in II-Symposia in relation with Sub commissions, Salt affected soils- 33.
- V.T. Amodkar and S.S. Joshi - Effect of sulphur application on sucrose synthesizing enzyme activities in sugarcane - Sugarcane International, Sept./Oct. 2002, pp.27-32.
- S.S. Joshi and V.S. Dhamankar - Amylase enzyme activity during the growth of sugarcane varieties - Proceeding of the 64th Annual Convention of STAT, Cochin, 17 to 19 Aug., 2002, pp. 142-148.
- V.S. Dhamankar and S.S. Joshi - Iso-enzyme patterns of leaf amylase and terase during growth of different sugarcane varieties - Proceeding of the 64th Annual Convention of STAT, Cochin, 17 to 19 Aug., 2002, pp. 149-155.
- B.J. Takalkar, A.N. Salunkhe and S.B. Jadhav - Co-ordinated effect of sugar mills in Maharashtra and Vasantdada Sugar Institute towards improving cane yield and recovery through varietal change - Co-operative Sugar Journal, Jan., 2003.
- R.R. More, V.P. Sidnale, M.B. Londhe and S.M. Pulate - Effects of different biocides on micro-flora and other parameters of cane juice (Dextran, Acidity, Reducing sugar, Pol and Brix %) in sugar mill - Proceedings of 64th Annual STAT Convention, Aug., 2002. Cochin. pp. 143-160.
- A.S. Deshmukh - Irrigation water management for sugarcane - Shetakari. Sugarcane special edition, July, 2002. pp. 35-38.
- A.S. Patil - Role of predatory spiders in control of crop pests - National training course on production and use of bio-agents in plant protection in agriculture. Oct., 4-11, 2002. Organized by Director of Extn. education, MPKY, Rahuri and College of agriculture, Pune. (Edited by Chandele *et.al.*) pp. 91-97.
- A.S. Patil - A new and first recorded sugarcane pest in Maharashtra: White woolly sugarcane aphid *Ceratovacuna lanigera* - State level workshop on "A new sugarcane pest- White woolly sugarcane aphid (*Ceratovacuna lanigera*): Integrated control." Oct., 10, 2002. VST, Pune (M. S.). pp. 1-13
- A.S. Patil - Role of bio-agents in sugarcane pest management - Souvenir "Recent trends in pest management" - State level seminar on Pest Management for sustainable agricultu~e, Feb., 6-7, 2003. MAU, Parbhani, (M.S.). pp.74-86.
- A.S. Patil - White woolly sugarcane aphid, *Ceratovacuna lanigera* : A new pest of sugarcane in Maharashtra - State level seminar on Pest Management for sustainable agriculture, Feb., 6-7, 2003. MAU, Parbhani (M.S.). pp. 33-37.
- A.S. Patil - White woolly sugarcane aphid: Integrated management - Daily "Samana", Pune, Feb., 21, 2003 Page 7.
- A.S. Patil - White woolly sugarcane aphid - Daily "Lokmat", Pune, Sept., 11,2002, Sheti and Shetakari supplement, Page 12
- A.S. Patil - For the saving of sugarcane from White woolly sugarcane aphid - Daily "Pudhari", Pune, Sept., 23,2002, Sheti and Shetakari supplement, Page 4.
- A.S. Patil - Predator feeds on White woolly sugarcane aphid - Daily" Sakal", Pune, Feb., 26, 2003, Pragati supplement, Page 1.
- A.S. Patil, S.B. Magar, YD. Shinde and R.N. More - Control of *Leucopholis* white grub infesting to sugarcane - Kisanshakti, June, 2002. pp. 26-30
- Y.S. Nerkar and A.S. Patil - Integrated and biological control of sugarcane pest - Shetakari. Sugarcane special edition. July, 2002. pp.39-43
- A.S. Patil - White woolly sugarcane aphid: a new pest infesting to the sugarcane - Oos Benemala. Diwali special edition. Nov., 2002. pp. 42-46.

- A.S. Patil - Integrated and biological control of sugarcane pest - Lokmangal Sheti Patrika. Sept., 2002. pp. 29-36
- A.S. Patil - White woolly sugarcane aphid - Kisanshakti. Sugarcane special edition. Sept., 2002. pp.147-150
- A.S. Patil, S.B. Magar, V.D. Shinde and R.N. More - Sugarcane pest: Armyworm - Kisanshakti. Sugarcane special edition. Sept., 2002. pp. 154-156
- A.S. Patil, S.B. Magar, V.D. Shinde and R.N. More - Control of *Leucopholis* white grub in sugarcane pest - Kisanshakti. Sugarcane special edition. Sept., 2002. pp.157-160
- A.S. Patil, S.B. Magar, V.D. Shinde and R.N. More - Early shoot borer infesting to sugarcane - Kisanshakti. Sugarcane special edition. Sept., 2002. pp. 163-165
- A.S. Patil, R.G.Yadav, V.D. Shinde and S.B. Magar - sugarcane root borer - Kisanshakti. Sugarcane special edition. Sept., 2003. pp.166-167
- A.S. Patil, S.B. Magar, V.D. Shinde and R.N. More - Sugarcane white fly - Kisanshakti. Sugarcane special edition. Sept., 2002. pp.169-171
- A.S. Patil, S.B. Magar and V.D. Shinde - Crop pest: African giant snail - Kisanshakti. Sugarcane special edition. Sept., 2002. pp.172-175
- A.S. Patil, R.G. Yadav, R.N. More, V.D. Shinde and S.B. Magar - *Trichogramma* (an egg parasite): for the successful control of early shoot borer and internode borer on sugarcane - Kisanshakti. Sugarcane special edition. Sept., 2002. pp.179-181
- A.S. Patil - White woolly sugarcane aphid - Trombey Sheti Patrika. Nov., 2002. pp. 22.
- A.S. Patil - White woolly sugarcane aphid: a new pest infesting to the sugarcane - Baliraja. Plant protection special edition. Nov., 2002. pp. 42-46.
- A.S. Patil - White woolly sugarcane aphid: a integrated control - Shetakari. Plant protection special edition. Feb., 2003. pp. 23-26.
- A.S. Patil - Integrated control of sugarcane pests - Oos sheti Dnyanyag. Special edition for farmers training programme. Published by Vasantdada Sugar Institute, Pune (Edited by Nerkar *et.al.*). pp. 59-66.
- B.H. Pawar, V.C. Vasekar and A.S. Patil - A marathi article on 'Oos Pikavaril Tamera Rog V Tyache Niyantran - Kisanshakti Oos Visheshank. Published in Sept., 2002.
- P.Nahar, A.S. Patil, G.W Gooday, V.Chormade and M.V.Deshpande - Deacetylase and chitosanase activities in *Metarrhizium anisopliae*: Possible role in the biocontrol of insect pest. - Chitin Enzymology Edited by Riccardo AA Muzzarelli Atec, Italy pp. 511- 518.
- A.S. Patil and G.P. Rao - Morphology and pathogenicity of isolates of *Ceratocystis paradoxa* causing pineapple disease of sugarcane in Maharashtra - Frontiers of fungal diversity in India by C.P. Rao *et.al.* eds. Published by International Book Distributors Co. Lucknow pp. 669-716.
- A.S. Patil, V.D. Shinde, S.B. Magar, R.G. Yadav and R.N. More - Control of *Leucopholis* white grub on sugarcane - VSI Agri. Ent./Pub. No.5, Sept., 2002. pp. 1-8.
- A.S. Patil, R.N. More, S.B. Magar and V.D. Shinde - *Trichogramma* (an egg parasite): for the successful control of early shoot borer and internode borer on sugarcane - VSI Agri. Ent./Pub. No.6, Sept., 2002. pp. 1-6
- A.S. Patil, S.B.Magar, V.D. Shinde, R.N. Mote and R.G. Yadav - White woolly sugarcane aphid: a new pest infesting to the sugarcane in Maharashtra - VSI. Agri. Ent./Pub. No.7, Oct., 2002. pp. 1-8
- A.S. Patil, S.B. Magar V.D. Shinde, R.G. Yadav and R.N. More - *Holotrichia* White grub and its management - VSI. Agri. Ent./Pub. No.8, Oct., 2002. pp. 1-8
- A.S. Patil - *Conobathra aphidivora*: a predator feeding on white woolly sugarcane aphid - VSI. Agri. Ent./Pub. No. 11, Feb., 2003. pp. 1-8
- M.B. Londhe, R.N. Bhosale and G.M. Jenekar - Mud trouble in sulphitation sugar mills Part-III- Effect of bagacillo, Phosphate content and dissolved solids concentration on mud settling - Published in Bharatiya sugar, May-June 2002
- M.B. Londhe, R.N. Bhosale and G.M. Jenekar - Production of 60 IU Plantation White Sugar - Published in seminar on ICUMSA colour organised by STAI at Silvasa, Gujarat, Jan., 2003

- B.D. Sidnale, S.B. Pendse and R.N. Bhosale - New Technologies for Producing low coloured white sugar - Presented in one day seminar organized by DSTA and Tatyasaheb Kore SSK Ltd, at mill site, 25 May 2002
- R.N. Bhosale, M.B. Londhe, C.V Codse and Dr. G.M. Jenekar - Effect of pH of sugar solution on sugar colour measurement - Presented at DSTA annual convention, Sept., 2002
- S.P. Pachpute, R.V. Dani and D.B. Jambhale - Refined sugar processing an experience - Presented at DSTA Annual Convention, Sept., 2002
- R.V. Dani and S.P. Pachpute - ICUMSA Colours balance at independent refinery - Published in seminar on ICUMSA colour organised by STAI at Silvasa, Gujarat, Jan., 2003
- D.A. Patil, M.L. Kadam and B.B.Gunjal - Challenges before Indian Ethanol Industry - Proceedings - Seminar on, "Ethanol as Auto fuel organised by Institute of Engineers", Pune, June 24, 2002
- D.B. Sapkal and B.B. Gunjal - Waste minimisation in cane sugar industry: An integrated approach - VSI Bulletin, 2(1). pp. 14-16
- D.S. Nimbalkar, B.B.Gunjal, V.P.Rale and S. Kumar - Pilot scale studies on UASB in biphasic reactor system for the treatment of distillery spentwash - STAI, Co-product. pp. 52-59
- S.V. Paril, V.K. Jayaraman and B.D. Kulkarni - Optimization of media by evolutionary algorithms for production of polyols - Applied Biochemistry and Biotechnology Humana Press, 102 (1-3), pp. 119-128.
- B.B. Gunjal and D.S.Nimbalkar - Distillery spentwash treatment and utilization in Maharashtra State - Proceedings: National Seminar on Towards sustainable distillery spentwash management with recycle, reuse, reduce concepts. Organised by SISSTA, PCB and Bannari Amman Sugar Ltd., July 19-20.
- D.B. Sapkal, B.B. Gunjal, S.M. Taware and A. Deokate - Improving performance of treatment of sugar mill effluent. - A case study, Proceeding: DSTA, pp. B 19-27.
- D.B. Sapkal and B.B. Gunjal - Impact of Agro-based industries used for value addition - Proceedings: National seminar on Environmental Impact of Agricultural Activities organised by ISEST, Mumbai and VSI,Pune at VSI Pune, March 28-29, pp. 117-127.
- M.P. Chavan, T. G. Kolekar and S. P. Phadnis - Sucrose esters: a valuable sugar-based product - Proceedings of the 64th Annual Convention of STAI, Cochin; 2002; Co-product Section, pp. 3-7.
- S. M. Chavan, Y. R. Kaledhonkar and S.D. Modak - Control of polysaccharides for better performance of sugar processing and sugar quality - Proceedings of the 64th Annual Convention of STAI, Cochin; 2002; Manufacturing Section, pp. 87-101.
- S. Joshi and V.Dhamankar - Amylase enzyme activity during the growth of sugarcane varieties - Proceedings of the 64th Annual Convention of STAI, Cochin; 2002; Agriculture Section, pp. 142-148.
- V Dhamankar and S. Joshi - Isoenzyme patterns of leaf amylase and esterase during growth of different sugarcane varieties - Proceedings of the 64th Annual Convention of STAI, Cochin; 2002; Agriculture Section, pp. 149-155.
- P.U. Patil, B.P. Kapadnis and VS. Dhamankar - Decolourisation of synthetic melanoidin and biogas effluent by immobilised fungal isolate of *Aspergillus niger* UM 2 - International Sugar Journal; 105 (1249), 2003, pp.8-13.
- A.P. Thakkar, V.S. Dhamankar and B.P. Kapadnis - Decolourisation of sugarcane manufacturing waste by white rot fungus *Phanerochaete chrysosporium* NCIM 1106 - Proceedings of the Seminar on Environmental Biotechnology and Biodiversity Conservation; S.P. University, Anand; 2003.
- J.D. Mane, D.L. Kumbhar, S.C. Barge and S.P. Phadnis - Relationship between aconitic acid content in cane cultivars and molasses from various recovery zones of Maharashtra - International Sugar Journal; 104 (1240), 2002, pp.177-179.
